DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 4 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1 – 4 recite, inter alia, a method of forming a semiconductor device comprising the steps of forming a well, a source region, and a drain region in a substrate, forming a gate oxide film on the substrate, depositing a polysilicon film on the gate oxide film, forming a trench isolation in the substrate and forming a gate by dry etching the polysilicon film. Although, Chen, US 6,281,082 teaches a method of forming a semiconductor device comprising similar steps, he fails to teach depositing a polysilicon film on the gate oxide film and then forming the gate by etching the polysilicon film. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
